

Please join us – public welcome

Learn about invasive species of the Great Lakes and how you can help protect the healthy fisheries of Keweenaw and Huron Bays

Saturday, April 18
3:00 p.m. at the KBIC Tribal Hatchery
14359 Pequaming Road, L'anse

- Fish hatchery operations and programs, including a brief tour, by Gene Mensch, KBIC fisheries biologist
- **Invasive species of the Great Lakes** – a talk by the Wildlife Society of Michigan Tech
- FREE handouts & invasive species 'watch cards' to take home
- Ask Project Specialist about land trust programs and projects

This event is sponsored by your local land trust and the Keweenaw Bay Indian Community
