

## Pilgrim River Watershed Fund

A local fund has been established for the Pilgrim River Watershed Project to pursue permanent land and water protection, non-motorized public recreation, and perpetual stewardship. This dedicated fund will support conservation easement expenses, land acquisitions, long-term site monitoring and resource stewardship. The project will conserve over 1,300 acres of watershed encompassing more than two miles of pristine Pilgrim River and secure public access forever. Visit [www.coppercountrytu.org](http://www.coppercountrytu.org) to learn more about this project and the community organizations supporting it.

***\*Donations received by December 31<sup>st</sup>, 2009 will be matched by an anonymous donor\****

Thank you for your consideration.
